

Safety Data Sheet

Splat Washables

SECTION 1. IDENTIFICATION

GHS product identifier	: Splat Washables
Other means of identification	: 1 Wash (Red Pop, Vivid Velvet, Bolder Blue, Piercing Pink, Eclectic Green, Mango Mash)
Product type	: Liquid
Identified uses	: Temporary Hair Color
Supplier's details	DeveloPlus, Inc. 1575 Magnolia Ave. Corona, CA 92879 U.S.A Tel.: +1 951-738-8595 Fax: +1 951-738-8593 Web: splatwashables.com
Emergency number (hours of operations)	: +1 951-738-8595 Monday-Friday 8.00 am – 5.00 pm (UTC-08:00)

SECTION 2. HAZARDOUS IDENTIFICATION

OSHA/HCS status	While this material is not considered hazardous by the OSHA Hazard communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of the product.
Classification of the substance of mixture	: Mixture.
GHS Label Elements	
Hazard Pictograms	: None.
Signal word	: No signal word.
Hazard statement	: None.

General Precautionary statements	: Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.
Prevention	: Not applicable.
Response	: Not applicable.
Storage	: Not applicable.
Hazards not otherwise classified	: None known.
Substance/mixture	: Mixture
Other means of identification	: Hair color.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

CAS NUMBER/other identifiers

CAS number	: Not applicable
Product code	: Not applicable

There are no ingredient present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environmental and hence required reporting in this section.

SECTION 4. FIRST AID MEASURES

Description of necessary first aid measures.

Eye contact	Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
Inhalation	Remove individual to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
Skin contact	Flush contaminated skin with plenty of water. Get medical attention if symptoms occur.
Ingestion	Remove individual to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink.

Potential acute health effects

Eye Contact	Unmixed oxidation hair colors are eye irritants.
Inhalation	Ammonia vapors may result in respiratory irritation.
Skin contact	Irritant.
Ingestion	Moderately toxic.

Over-Exposure signs/symptoms

Eye Contact	None known.
Inhalation	None known.
Skin contact	None known.
Ingestion	None known.

Indication of immediate medical attention and special treatment needed

Notes to physician	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested.
Specific treatments	No specific treatment
Protection of first-aiders	No action shall be taken involving any personal risk or without suitable training.

SECTION 5. FIRE-FIGHTING MEASURES

Extinguishing media

Suitable extinguishing media	Use an extinguishing agent suitable for the surrounding fire.
Unsuitable extinguishing media	None known.
Special protection actions for fire-fighters	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Non-emergency personnel	No action shall be taken involving any personal risk or with suitable training. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
For emergency responders	If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.
Environmental precautions	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and materials for containment and cleaning up

Small spill	Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.
Large spill	Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, label waste container. Dispose of via a licensed waste disposal contractor.

SECTION 7. HANDLING AND STORAGE

Precautions for safe handling

Protective Measures	Put on appropriate personal protective equipment.
Advise on general occupational hygiene	Eating, drinking and smoking should be prohibited in areas where this materials is handled, stored and processed. Workers should wash hands before handling materials.
Conditions for safe storage, including any incompatibilities.	Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool well-ventilated, area away from incompatible materials and food and drink.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Appropriate engineering controls	Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
Environmental exposure controls	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.

Individual protection measures

Hygiene measures	Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.
Eye/face protection	Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: Safety glasses with side-shields.

Skin Protection

Hand protection	Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
Body protection	Personal protective equipment for the body should be selected based on the task being performed.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid
Color	Varied
Odor	Fruity
Odor threshold	None
pH	4.5
Melting point	Not applicable
Boiling point	Not applicable
Specific gravity	0.995-1.009
Evaporation rate	Not applicable
Flammability (solid, gas)	Not applicable
Lower and upper explosive limits	Not applicable
Vapor pressure	Not applicable
Relative density	Not applicable
Solubility	Partly soluble in water
Partition coefficient: n-octanol/water	Not applicable
Auto-ignition temperature	Not applicable
Decomposition temperature	Not applicable
Viscosity	Not applicable

SECTION 10.0 STABILITY AND REACTIVITY

Reactivity	No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	This product is stable.
Possibility of hazardous reactions	Under normal conditions of storage and use hazardous reactions will not occur.
Conditions to avoid	None known.
Incompatible materials	None known.
Hazardous decomposition products	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11. TOXICOLOGY INFORMATION

Acute toxicity	None available.
Irritation/Corrosion	None available.
Sensitization	None available.
Carcinogenicity	None available.
Specific target organ toxicity (single exposure)	None available.
Aspiration hazard	None available.
Information on the likely routes of exposure	None available.
<i>Potential acute health effects</i>	
Eye contact	None known.
Inhalation	None known.
Skin contact	None known.
Ingestion	None known.
<i>Symptoms related to the physical chemical and toxicological characteristics</i>	
Eye contact	None known.
Inhalation	None known.
Skin contact	None known.
Ingestion	None known.
<i>Delayed and immediate effects and also chronic effects from short and long term exposure</i>	
<i>Short term exposure</i>	
Potential immediate effects	None known.
Potential delayed effects	None known.
<i>Long term exposure</i>	
Potential immediate effects	None known.
Potential delayed effects	None known.
<i>Potential chronic health effects</i>	
General	None known.
Carcinogenicity	None known.
Mutagenicity	None known.
Teratogenicity	None known.
Developmental effects	None known.
Fertility effect	None known.

SECTION 12. ECOLOGICAL INFORMATION

Toxicity	None available.
Persistence and degradability	None available.
Mobility in soil	None available.

SECTION 13. DISPOSAL CONSIDERATIONS

DISPOSAL METHODS	<p>The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Do not cut, weld or grind used containers unless they have been cleaned thoroughly internally. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.</p>

SECTION 14. TRANSPORTATION INFORMATION

Description	Dot Classification	IMDG	IATA
UN number	Not regulated	Not regulated	Not regulated
UN proper shipping name	-	-	-
Transport hazard classes	-	-	-
Packing group	-	-	-
Environmental hazards	-	-	-
Additional information	-	-	-

SECTION 15. REGULATORY INFORMATION

<i>U.S. Federal regulations</i>	<i>TSCAS (a) CDR Exempt/Partial exemption: Not determined.</i> <i>United States Inventory (TSCA8b): Not determined.</i>
Clean Air Action Section 112 (b) Hazardous Air Pollutants (HAPs)	Not listed.
Clean Air Act Section 602 Class I substances	Not listed.
DEA List I Chemicals (Procedures of Chemicals)	Not listed.
SARA 302/304	Not listed.
SARA 304 RQ	Not listed.
SARA 311/312	Not listed.
Composition/information on ingredients	Not listed.
<i>State Regulations</i>	
Massachusetts	Not listed.
New York	Not listed.
New Jersey	Not listed.
Pennsylvania	Not listed.
California Prop. 65	Not listed.
<i>International Regulations</i>	Classification for SEA transport (IMO-IMDG); Consult regulations before transporting ocean bulk.

SECTION 16. OTHER INFORMATION

Revised Dated: September 6, 2018

Notice to reader

DeveloPlus, Inc. believes all the information and data given is accurate as of the date of preparation and is offered in good faith.
